2 trees	Two (2) trees to cut down at above location on the fence line of Lone Elk Park. One of the trees has split and both have fallen on Lone Elk Park's chain link fence. There is a small section of an orange construction fence temporarily in place and there is also a pink arrow painted on the shoulder of the road marking this location. Both trees are adjacent. Both trees must be cut off of the fence and the sections of tree that remain on the Park side of the fence must be cut into smaller, manageable pieces and left there for the park. Part of the split tree is still standing and needs to be cut down and left in the woods, away from the fence line. Vendor does not need to grind stumps or do any removing of the trees, as trees are in the woods and will be fine dropped away from the fence.	\$400.00	\$480.00	\$495.00	\$950.00	\$1,400.00
